INSTANT INSIGHTS 2021 CATALOGUE

About Instant Insights

Instant Insights are collections of specially formulated reviews of current topics and key research in agriculture drawn from a database of over 1500 chapters, covering crop, livestock and forestry science.

Each Insight consists of 3-5 high-quality chapters from trusted experts working in agriculture from academia and industry, from research to the farm and allows readers to get right to the heart of a subject in an instant.

Researchers, students, farmers, producers and industry professionals can enhance their knowledge and feel empowered to contribute to achieving more sustainable agricultural production.
